Hyderabad: analytica Anacon India and India Lab Expo 2016, the annual trade fairs for analysis, laboratory and biotechnology return to the city of Hyderabad. Accompanying the trade fair, the analytica Anacon India and India Lab Expo conference is being held from October 20 to 21, 2016 at the Hitex Exhibition Center.

Regulatory aspects of Pharmaceutical Laboratories', 'Biopharmaceuticals and Bioanalysis', 'Food Safety' or 'Clinical Diagnosis' are the main topics of the 2016 edition of the analytica Anacon India and India Lab Expo conference. The speakers, eminent scientists and industry representatives, come from both – India and overseas. The program is rounded out by tutorials in all four sessions where practical application tips are passed on the audience.

Among this year's speakers are Dr Laxmikant Gandikota (Biological Evans), Dr Ashes Ganguly (Indian Analytical Instruments Association), Prof Dr Myeong Hee Moon (Yonsei University), Prof Dr

Michael Hilderbrand (University of Jena), Prof Dr Dietmar Knopp (Technical University of Munich), Prof Dr Rainer Lehmann (University of Tuebingen), Dr Eike Reich (CAMAG), Dr Pia Rosendahl (ISAS), Prof. Dr. Michael Rychlik (Technical University of Munich), Prof Oliver Schmitz (University of Duisburg-Essen), Arjan Timmerman (Waters Corporation) and Dr S P Vasireddi (Vimta Labs).

Mr Bhupinder Singh, CEO of Messe München India, says: “The conference will bring together leaders of this field to share a comprehensive overview of this rapidly expanding industry with the prime objective of knowledge transfer. Over 250 delegates will participate at the conference who will have the opportunity to interact with well-known scientists around the world. Participants can be sure of picking up important concepts, which will be very useful in the days to come.”

The organizers expect more than 350 exhibitors and 8,500 visitors to analytica Anacon India and India Lab Expo. Both trade fairs have been growing in stature as one of the most influential pit-stops in the Indian Annual Trade Fair calendar. The two events bring together companies with similar product lines and business interests, apart from bringing the buyer and seller community on one common platform. The conference and various further forums will transmit additional momentum and background information on the various topics being deliberated at the trade fairs.
